After Gaza: Rethinking Evangelical Christian Support For Israel

“Strengthening the Covenant of Courage: Taking Back America’s Children and Standing with Israel in a Post-Gaza World”

Mission

Proclaiming Justice to The Nations (PJTN) educates, advocates, and activates Christians, Jews, and all people of conscience to stand for **biblical truth, America, and Israel**. Rooted in the call of Ezekiel’s “Watchman,” PJTN exists to **combat antisemitism, anti-Americanism, and moral decay**—beginning in the classroom and extending to the highest levels of public life

Our Challenge

American education and culture are under siege by radical ideologies that distort history, rewrite morality, and delegitimize both the United States and Israel. This erosion fuels antisemitism and anti-Israel sentiment in the next generation. PJTN responds through **education, media, advocacy, and interfaith unity**, calling Christians and Jews to stand together in truth and covenant faithfulness.

Strategic Vision 2025–2027

1. Curriculum & Education Reform

- Expand PJTN’s *Truth in Textbooks* initiative to expose antisemitism and anti-Israel bias in K–12 education.
- Advance *Taking Back America’s Children (TBAC)* campaigns in more states to restore Judeo-Christian values in schools.

2. Media, Messaging & Culture

- Produce new documentaries (*Indoctrination in American Classrooms, The Hebrew Foundation of Our Republic, The Lost Jews of the Inquisition*).
- Expand global broadcast reach through *Focus on Israel* and *Focus on Education*.

3. Grassroots Mobilization

- Grow PJTN chapters nationwide, equipping parents and pastors to defend truth at the local level.
- Lead the *Declaration of Our Children’s Independence* campaign, affirming the right to objective, values-based education.

4. Advocacy & Interfaith Partnerships

- Build stronger coalitions between Evangelical and Jewish leaders to defend Israel and counter antisemitism.

- **Launch 2026: America–Israel Friendship Day** — an annual event celebrating the biblical and historic alliance between America and Israel, uniting faith communities, public officials, and educators across the nation. This initiative will feature coordinated events in state capitals, schools, and faith centers, coupled with PJTN media coverage to amplify its impact.
